

### **Paul KUIJER**

Paul Kuijer's goal in work is enhancing prevention and integrated patient-centred care to optimize work participation in patients with musculoskeletal disorders. His focus is on workers with low back pain and knee osteoarthritis. Paul works as an assistant professor and consultant on work-related musculoskeletal disorders at the Netherlands Center for Occupational Diseases and the People and Work Outpatient Clinic, all part of the Coronel Institute of Occupational Health, Academic Medical Center (AMC) in Amsterdam, the Netherlands. Paul represents the Centre of Excellence of the Netherlands Society of Occupational Medicine in the development of (multidisciplinary) clinical guidelines on the aforementioned topics.
